

FEATURE PRODUCT

Emergency Phone Kits Ideal for Custom Elevator Panels

The **1600A Series** ADA Compliant Emergency Phones are designed to provide quick and reliable handsfree communication for any standard analog telephone line or analog phone system station port. All **1600A Series** phones meet ADA requirements for elevator/emergency telephones, and can be programmed from any touch tone phone. The phones can dial up

to 5 programmable emergency numbers, as well as 2 central station numbers. The **E-1600-50A** is a non-chassis parts kit and the **E-1600-55A** is a universal emergency phone kit.

Model E-1600-55A
DOD# 215

Both are ideal for installing behind elevator panels, or an installation requiring a custom panel. For outdoor or harsh environments, these phones are available with Enhanced Weather Protection (EWP).

Brahms Lullaby Baby Announcer!

Want a new way to welcome the new members of generation www? How about VIKING's DVA-2WA playing the Brahms lullaby over the paging system, producing a happy feeling for the entire hospital? It can happen with mom's call to the nurse's station. VIKING's model K-600D will trigger the DVA-2WA which mutes the background music and plays the recording (it can even repeat it seven times if septuplets arrive).

AI's Applications

Note: Brahms Lullaby recording not included, but we can email it to you!

DID YOU KNOW?

Holiday Facts & Trivia

In 1836, Alabama was the first state in the USA to declare **Christmas a legal holiday**.

In 1856, President Franklin Pierce decorates the **first White House Christmas tree**.

In 1907, Oklahoma became the last USA state to declare **Christmas a legal holiday**.

Due to the time zones, **Santa has 31 hours** to deliver gifts? This means that he would have to visit 832 homes each second!

According to a 1995 survey, **8 out of 10 British dogs** get Christmas gifts from their doting owners.

American billionaire **Ross Perot** tried to airlift 28 tons of medicine and Christmas gifts to American POW's in North Vietnam in 1969.

The **Santa suit** was developed in the 1930's. The Coca Cola Company hired American Artist Haddon Sundblom in 1931, to redesign Santa. Sundblom chose the official colors of Coca Cola, red and white.

Hannukah is celebrated around the world for eight days and nights. A Menorah is a special nine-branched candelabrum, also known in Hebrew as a Hanukkiyyah.

In 1947, **Toys for Tots** started making the holidays a little happier for children by organizing its first Christmas toy drive for needy youngsters.

The movie "**How the Grinch Stole Christmas**" (2000) features more than 52,000 Christmas lights, about 8,200 Christmas ornaments, and nearly 2,000 candy canes.

The use of a **Christmas wreath** as a decoration on your front door, mantel or bay window symbolizes a sign of welcome and long life to all who enter.

12 Button Video Entry Phone

Model K-1205
DOD# 183

The **K-1205** Entry Phone is a two-way, handsfree telephone with 12 buttons for calling individual residences in an apartment building. It also has a built-in color CCTV video camera. The rugged stainless steel faceplate has a printed directory housed in a waterproof, scratch-resistant lens. Each button is beside the tenants name in the directory so there are no confusing codes to deal with. Calling a particular tenant is as easy as pressing a single button. The **K-1205** has a built in speed dialer that can handle up to 12 primary phone numbers, each with 22 digits. If there is no answer at the first number, a second number can be called automatically. Once the tenant answers their phone, a single touch tone command can activate the door strike relay. For outdoor applications, the **K-1205** is available with Enhanced Weather Protection.

Clock Controlled Tone Generator	4

Add Time Controlled Alert Tones and Emergency Tones to Your Paging System

VIKING's model **CTG-1** is a clock controlled tone generator designed to provide accurately timed bong alert tones or buzzer alert tone sounds over an existing paging system.

The **CTG-1** can be programmed to output single, double or triple alert tones with up to 128 events in a 24 hour period. These bong/buzzer sounds are ideal for indicating the start and end of shifts, break times, lunch periods, etc. for factories, schools, or any business requiring an audible indication of specified times. Each day of the week can be programmed to either on or off, allowing you to turn off the alert tones during specific days of the week (weekends, etc.)
