August Trivia: What year was the beach ball invented? Answer: 1938

Congratulations to JIM BERG from LAKELAND COMMUNICATIONS!
**PRODUCT PROFILES**

**DURABLE HANDSFREE COMMUNICATION**

**Model E-30**

Model E-30 is a classic stainless steel speaker phone that provides convenient handsfree communication. Connect directly to a CO line, analog PABX station, or FXS port.

The E-30 is telephone line powered, features a built-in 5 number dialer, and has intelligent call progress detection for automatic hang-up on CPC, silence, busy, or time out.

The brushed stainless steel faceplate is an attractive choice for both residential and commercial applications, and is also rugged and reliable, constructed for many years of use. The E-30 flush mounts, or use with a VE-5x5 surface mount box, sold separately.

- For outdoor use, the E-30-EWP has Enhanced Weather Protection
- Model E-30 comes with a built-in analog color video camera
- For VoIP applications, the E-30-IP is SIP compliant and PoE powered

**VANDAL RESISTANT VOIP PANEL PHONE**

**Model K-1900-8-IP**

The K-1900-8-IP VoIP panel phone can either auto-dial a phone number each time the handset is lifted, be used as a multi-number auto-dialer, or be used as a standard manual dial phone. The phone is designed to provide quick and reliable communication for SIP VoIP phone systems with PoE.

The K-1900-8-IP can be programmed from any PC on the same LAN or remotely using a Static IP Address. The K-1900-8-IP phone can dial up to 250 programmable numbers and another 250 rollover numbers.

- SIP compliant and PoE powered (class 2 <6.5 Watts)
- Speed dials up to 250 numbers, each with rollover
- Store up to 1000 keyless entry codes
- Event logging with time and date stamp
- 26 bit Wiegand input for proximity card readers
- 2 sets of relay contacts and built-in adjustable ringer
- Hearing aid compatible amplified handset
- Optional Enhanced Weather Protection (EWP) available
- Wide temperature range: -4°F to 140°F
- Zinc plated steel rough-in box included
- Optional VE-5x10 Surface Mount Box available, request DOD 424

- For outdoor use: K-1900-8-IP-EWP has Enhanced Weather Protection (EWP)
- Analog models: K-1900-8 and K-1900-8-EWP
- Panel phones with no keypad: K-1900-7-IP and K-1900-7
- "No Dial" panel phones: K-1500-6A and K-1500-7
- Smaller faceplate panel phones: K-1900-4-IP and K-1900-6A
