Cost Effective Speakers for Indoor and Outdoor Use

The 25AE, 30AE, 35AE, and 40AE paging speakers provide additional economical paging coverage to existing Viking paging units (PA-2A, PA-15, PA-30, PA-60, M2W) or to any system with an 8 ohm output.

In outdoor, factory or warehouse environments, 25AE paging horns are the best method of producing understandable sound. In these environments the directional design allows the installer to focus the sound cone down aisles and toward work areas.

In office and restaurant environments, it is best to distribute sound more evenly. Ceiling mounted 30AE, 35AE, or 40AE speakers in close proximity offer the best distribution and are cost effective. The 35AE speakers include a volume control.

25AE Paging Horn
- Adjustable base for easy mounting and directional adjustment
- Compact design for discreet mounting

30AE/35AE Ceiling Speakers
- Metal white grill for flush mounting in office ceilings
- Mounting hardware included
- Excellent frequency response
- The 35AE includes a volume control

40AE Ceiling Speakers
- Attractive with a modern look
- Flush mounts into a 9.5” to 10” diameter hole
- Integral mounting system
- Excellent sound quality

See complete specifications on page 2.
Specifications and Installation

A. 25AE Paging Horn

Nominal Power: 12 Watts  
Impedance: 8 Ohms  
Connection: 69” 24 awg Pigtail wire  
Dimensions: 5” (127mm) diameter  
Shipping Weight: 1.5 lbs (.68 kg)  
Environmental: 5% to 95% non-condensing humidity  
Frequency Response: 600 Hz to 7000 Hz

Installation: The 25AE paging horn is designed to be surface mounted to any rigid surface. Designed to meet IP53 ingress protection rating when mounted with horn pointing downward at least 45 degrees from horizontal.

B. 30AE/35AE Ceiling Speaker

Nominal Power: 6 Watts  
Impedance: 8 Ohms  
Connection: 6” 16 awg Pigtail wires (35AE), .25” Faston Terminal (30AE)  
Dimensions: 12.75” x 3.75” (324mm x 95mm)  
Shipping Weight: 3 lbs (1.36 kg)  
Environmental: 5% to 95% non-condensing humidity  
Frequency Response: 85 Hz to 15,000 Hz

Installation: Mounting hardware for the 30AE and 35AE ceiling speakers is included for easy installation in drop ceilings or speaker enclosures. Flush mount into an 8.25” to 10.0” diameter hole.

B. 40AE Ceiling Speaker

Nominal Power: 15 Watts  
Impedance: 8 Ohms  
Connection: .25” Faston Terminal  
Dimensions: 10.6” x 3.6”(270mm x 90mm)  
Shipping Weight: 3 lbs (1.36 kg)  
Environmental: 5% to 95% non-condensing humidity  
Frequency Response: 85 Hz to 15,000 Hz

Installation: The 40AE has an integral mounting system that requires only a phillips screw driver to quickly flush mount the speaker into a 9.5” to 10” diameter hole. Before mounting the 40AE speaker, push the four mounting brackets to pop off the grill as shown in the diagram.
A. Series / Parallel

Speaker A will have approximately twice the volume of speaker B, as shown in the wiring diagram to the right.

B. Parallel

Similar speakers will have the same volume, as shown in the wiring diagram to the right.

C. Series / Parallel

If connected as shown below right, see the table for speaker recommendations.

<td>Punch press, printing plant, garage, yard</td>
<td>Paging Horns</td>
</tr>
</tbody>
</table>

*Note: An FBI-1A Feedback Eliminator is recommended. For more information, see DOD 465. For greater intelligibility and louder paging, see model 300AE Paging Horn (DOD 497).*

### Warranty

**IF YOU HAVE A PROBLEM WITH A VIKING PRODUCT, CONTACT: VIKING TECHNICAL SUPPORT AT 715-386-8666**

Our Technical Support Department is available for assistance Monday 8am - 4pm and Tuesday through Friday 8am - 5pm central time. So that we can give you better service, before you call please:

1. Know the model number, the serial number and what software version you have (see serial label).
3. It is best if you are on site.

**RETURNING PRODUCT FOR REPAIR**

The following procedure is for equipment that needs repair:

1. Customer must contact Viking’s Technical Support Department at 715-386-8666 to obtain a Return Authorization (RA) number. The customer MUST have a complete description of the problem, with all pertinent information regarding the defect, such as options set, conditions, symptoms, methods to duplicate problem, frequency of failure, etc.
2. Packing: Return equipment in original box or in proper packing so that damage will not occur while in transit. Static sensitive equipment such as a circuit board should be in an anti-static bag, sandwiched between foam and individually boxed. All equipment should be wrapped to avoid packing material lodging in or sticking to the equipment. Include ALL parts of the equipment. C.O.D. or freight collect shipments cannot be accepted. Ship cartons prepaid to: Viking Electronics, 1531 Industrial Street, Hudson, WI 54016.
3. Return shipping address: Be sure to include your return shipping address inside the box. We cannot ship to a PO Box.
4. RA number on carton: In large printing, write the R.A. number on the outside of each carton being returned.

**RETURNING PRODUCT FOR EXCHANGE**

The following procedure is for equipment that has failed out-of-box (within 10 days of purchase):

1. Customer must contact Viking’s Technical Support at 715-386-8666 to determine possible causes for the problem. The customer MUST be able to step through recommended tests for diagnosis.
2. If the Technical Support Product Specialist determines that the equipment is defective based on the customer’s input and troubleshooting, a Return Authorization (R.A.) number will be issued. This number is valid for fourteen (14) calendar days from the date of issue.
3. After obtaining the R.A. number, return the approved equipment to your distributor, referencing the R.A. number. Your distributor will then replace the product over Viking using the same R.A. number.
4. The distributor will NOT exchange this product without first obtaining the R.A. number from you. If you haven’t followed the steps listed in 1, 2 and 3, be aware that you will have to pay a restocking charge.

**TWO YEAR LIMITED WARRANTY**

Viking warrants its products to be free from defects in the workmanship or materials, under normal use and service, for a period of two years from the date of purchase from any authorized Viking distributor. If at any time during the warranty period, the product is deemed defective or malfunctions, return the product to Viking Electronics, Inc., 1531 Industrial Street, Hudson, WI., 54016. Customer must contact Viking’s Technical Support Department at 715-386-8666 to obtain a Return Authorization (R.A.) number.

This warranty does not cover any damage to the product due to lighting, over voltage, accident, misuse, abuse, negligence or any damage caused by use of the product by the purchaser or others. This warranty does not cover non-EWP products that have been exposed to wet or corrosive environments. This warranty does not cover stainless steel surfaces that have not been properly maintained.

No other warranties, Viking Electronic’s, nor its affiliates or subsidiaries assume responsibility for errors and omissions contained in this information. Revisions of this document or new editions of it may be issued to incorporate such changes.

**Product Support:** 715-386-8666

Due to the dynamic nature of the product design, the information contained in this document is subject to change without notice. Viking Electronics, and its affiliates and/or subsidiaries assume no responsibility for errors and omissions contained in this information.
